## Let's talk...

Dear friends, with the ongoing talk of tariffs on our goods, we want to be transparent about how this might affect our pricing. We've included the tariff price on all products, represented by a "T," based on a potential 15% tariff increase.

**We will not implement this price unless a tariff is imposed and we'll do everything in our power to provide as much lead time as possible so you might be able to order prior to implementation.**

This is intended to help you better budget your resources and timing of purchases. Thank you so much for your trust in Mary Meyer and please don't hesitate to contact us with any questions.

*Love you can feel.®*

We live in amazing times, with connections and information so close to us that we can almost touch them. Life moves faster than ever and we are trying hard to keep up with this ever-quickenning pace. Here at Mary Meyer, we believe that, even as we have our thumb on the pulse of “what’s next,” there is still a place for the quiet, the sweet, the soft, and the true.

Mary Meyer was an innovator and maker for sure, but she always had one eye on where she came from and one on where she—and the company she built—was heading. We are working hard to hold that same balance. You’ll see it in the faces of the new toys we offer as well as in the returning ones you’ve come to love. At its foundation, our work is about relationships: the relationship of a mother and her child, of a child and his stuffed companion, and of the balance of what was and what’s next. Please look inside this Baby 2020 catalog and we hope you’ll find more than a little of both.

SOPHIE  
LA GIRAFE®

~ Paris 1961 ~

Sophie la girafe has been a teething child's best friend since 1961. Mary Meyer worked with Sophie's French creators to develop a soft toy version for your baby.

Our Sophie has the same sweet face, but is softer, larger, and a ready companion for sleeptime and playtime—c'est l'amour.

# Sophie la girafe

The Sophie la girafe mystique continues. We once again present beautiful Sophie soft toys that capture the likeness and character of the beloved original Sophie la girafe.

With so many Sophie enthusiasts shopping for new babies, your shop could be the go-to place where moms discover the world of Sophie la girafe.

## Why we love Sophie:

- Moms and grandmoms recognize Sophie.
- Genuine Sophie character that's huggable.

Taggies toys we've always offered.

## Do you know the Taggies Secret?

Taggies was born over a decade ago when  
a mom noticed her child's fascination  
with satin tags. This idea blossomed into a  
world of treasured products. Little ones  
are mesmerized by rubbing these soft,  
satin loops. Exploring Taggies textured  
tags can provide tactile stimulation that  
babies crave for development and have  
an amazing calming effect on little ones.  
Discover the secret too!

## ALL NEW

Taggies was created when two Moms noticed their babies loved to rub the one tag on their blanket. They were crafters and created the original Taggies, a square piece of fabric with lots of sewn in looped ribbons. They took it to a few local independent specialty retail stores and it became a reality. Within a couple of years, retailers across the country were stocking the original Taggies in a variety of prints. To honor their original concept, Mary Meyer has brought back the original creation in updated fabrics and patterns.

### Why we love it:

- It is the original!
- Retailers have been asking for it for over 10 years.
- Updated prints and softer fabric.
- Boutique for easy buying.
- Clear package is sturdy and shows off the print.
- Includes flat countertop display for great presentation.
