Love you can feel.®

Life can get pretty complex and having something to hold onto can make all the difference. Our grandmother, Mary Meyer, believed that all children deserve to have something beautiful and soft to hold onto, and that thinking continues to drive us today.

This year's Everyday catalog is anything but everyday.

Inside, we have bunches of the softest, sweetest companions you can imagine—and some you might not have imagined. But what we really have inside this catalog are friends and companions for children to hold onto and find comfort in. Comfort is no small thing in life. Mary knew that and we continue to be inspired by it.

Love you can feel.®

Let's talk...

Dear friends, with the ongoing talk of tariffs on our goods, we want to be transparent about how this might affect our pricing. We've included the tariff price on all products, represented by a "T," based on a likely 15% tariff increase. **We will not implement this price unless a tariff is imposed and we'll**

do everything in our power to provide as much lead time as possible so you might be able to order prior to implementation. This is intended to help you better budget your resources and timing of purchases. Thank you so much for your trust in Mary Meyer and please don't hesitate to contact us with any questions.
