Love you can feel.®

Throughout 2023, we are celebrating our 90 years in business. Though much has changed along the way, our core values remain; create high-quality toys with the softest fabrics available, keep safety top of mind, and treat every customer with the utmost respect and friendliness. It's now time to share our 2023 Baby catalog with you.

Mary Meyer has come a long way. In 1933, we made pincushions; now, we create stylish baby toys that often become heirloom companions for the youngest among us.

Every day, we work to bring you soft, loveable, and unique toys. We are carrying out Mary's and our mission to bring joy to children and families with care, quality, integrity, and love. We think of this as "Love you can feel."

We hope you'll find delight in the pages that follow. May we all have a successful 2023.

Why we love Leika:

- NEW Cuddle book is sophisticated and quiet; yet includes all the woodland characters.
- NEW coordinating wood toys in familiar forest characters
- Soft toys made of soft velour fabric
- Innovative teether, boxed for gifting
- Matching board books bring characters to life.

Leika (pronounced “like uh”) means “Play” in parts of Scandinavia.

We bring that Scandinavian aesthetic of simple sophistication and folk-art inspiration to each of our line’s four woodland animals: Fox, Raccoon, Fawn, and Bunny.

Each of these characters is featured as a soothing teether, a board book of adventures, a huggable lovey, and character soft toy.

New additions to Leika, wooden toys, and a cuddlebook featuring many of Leika’s woodland characters all coordinate with each other and invite more imagination, all kinds of play, and interactions.

Say hello to the toys that make moms and babies smile.

Mary Meyer has the exclusive license to create and sell Taggies toys to the specialty market.

The following pages present our exciting new creations as well as the very best of Taggies toys we've always offered.

Do you know the Taggies Secret?

Taggies was born 20 years ago when a mom noticed her child's fascination with satin tags. This idea blossomed into a world of treasured products. Little ones are mesmerized by rubbing these soft, satin loops. Exploring Taggies textured tags can provide tactile stimulation that babies crave for development and have an amazing calming effect on little ones. Discover the secret too!

The little creation that started it all.

Taggies was created when two Moms noticed their babies loved to rub the one tag on their blanket. They were crafters and created the original Taggies, a square piece of fabric with lots of sewn in looped ribbons. They took it to a few local independent specialty retail stores and it became a reality. Within a couple of years, retailers across the country were stocking the original Taggies in a variety of prints. Mary Meyer has brought back the original creation in updated fabrics and patterns.

Why we love:

- It is the original!
- 2 NEW designs.
- FRESH Mary Meyer exclusive prints and softer fabric.
- FREE countertop display option makes a statement.
- J hook for easy hanging.
